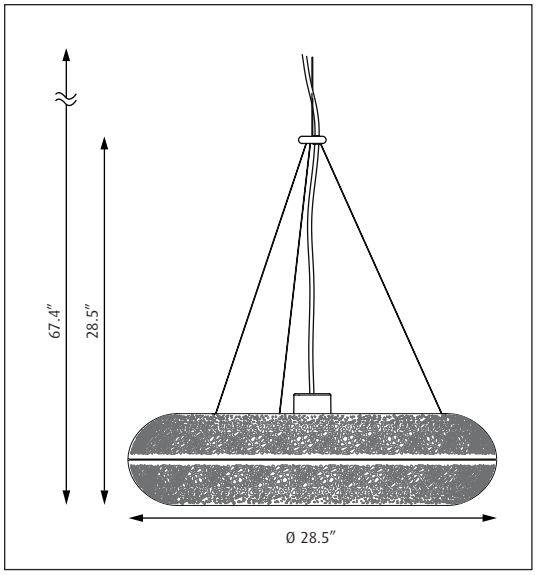
Design
Ross Lovegrove

Concept
Aeros immediately draws the attention of the eye. An ethereal, floating object with an exquisitely perforated surface at once luminous and shielded. Aeros exudes an elegant mystique reminiscent of Byzantine decoration. Aeros is equally ultramodern, and its advanced design made technical production a major challenge. With its sculptural beauty, its shielded light source and comfortable light distribution, Aeros fulfils all requirements of the Louis Poulsen lighting philosophy. Aeros is mainly designed to be suspended relatively low above tables, but may with the same optimum result be mounted higher up. The fixture is ideal for private interiors and professional settings, such as conference rooms, restaurants, bars and receptions.



Finish
Golden sand, anodized.

Material
Canopy: Spun aluminum. Wire connector: Turned aluminum. Shades: Die formed aluminum. Diffuser: Acrylic satine.

Mounting
Suspension type: 3x stainless steel aircraft cables. Suspension length: 12′. Cord length: 12′. Canopy: Yes.

Weight
Max. 9.9 lbs.

Label
cULus, Dry location. IBEW.

Product code	Light source	Voltage	Finish
AEROS-P	1/39W/CMH/T4.5 G8.5 1/75W/HALOGEN/GY6,35	120-277V 120V/12V	GOLDEN SAND, ANODIZED

Info notes:
I. For larger pending heights a special extension is available. II. The comparable EU version has the following classification: Ingress Protection Code: IP20.
