

650DB

Style and function are at the heart of the Firebox 650DB Fireplace Insert. Cleverly designed with versatility and space in mind, the square-shaped Firebox 650DB has a double opening, with a 'see-through' effect, creating a sense of space within any interior. A toughened glass Wind Screen Static is affixed to the front of the 650DB.

With its toughened glass rear panel and front Wind Screen Static, the zero clearance Firebox 650DB is ideal for customised settings within houses, apartments, units and commercial premises such as offices, bars and restaurants. As with all models within the Renovator Range, ease of installation is a highlight.
